

Stay & Play Spring Break

Help bring some vacation FUN
to the 75 children in our program!

For some families, Spring Break can be a week filled with excitement, travel, and enrichment activities for kids. For families experiencing homelessness and residing in small shelter rooms, Spring Break can be stressful as budgets for activities are tight leaving most without the means to do something special for the break. Please join FPTV's efforts in supporting families this Spring Break by gifting a local experience like bowling, going to the movies, swim centers, arcades, and so on. Building positive family memories builds family resiliency.

Family Promise of Tualatin Valley is asking for your support this Spring Break!
